1: Basic overview

All Brother print and multifunction devices have the ability to produce larger than A4 prints simply by using poster print.

This white paper shows describes the benefits of using poster print along with how to use it.

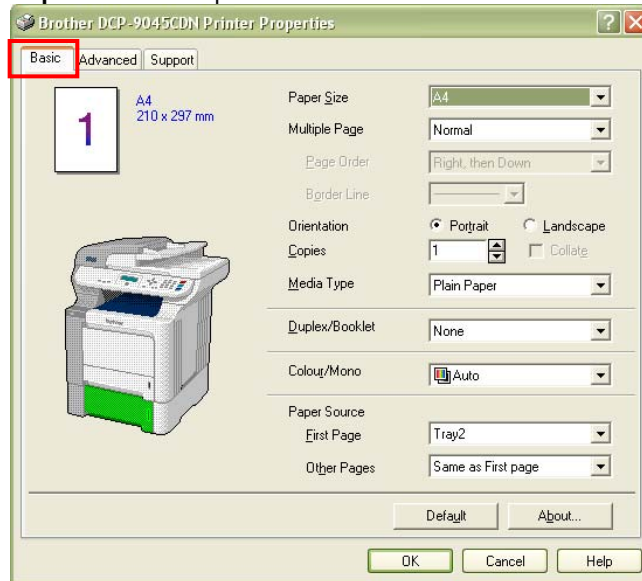

2: Benefits of poster print

- Can save you up to 99% of your poster printing costs
- Easy to use

3: How to use poster print in 2 easy steps

Please note that these instructions show you how to configure a Brother DCP-9045CDN with poster print. Other devices may differ slightly.

Step 1: Go into the printer driver and select the 'Basic' tab.

Step 2: Select your new desired paper size from the 'Multiple Page' down down list.

- 1 in 2x2 pages (A2 paper)
- 1 in 3x3 pages (A1 paper)
- 1 in 4x4 pages (A0 paper)
- 1 in 5x4 pages
